Hill Fence Project - William Miedema

William is asking the committee for \$9,000 to pay for fencing materials obtained from the Game Damage Unit to replace 1.75 miles of fence. The existing fence has sustained repetitive damage from big game crossing and is no longer repairable. New fencing will be built to wildlife-friendly specifications and will reduce damage and entanglement hazards.

The project was approved for up to \$9,000 for materials obtained from the Game Damage Unit. *Roy Oliver and Shane Lancaster provided their proxy vote in support of the project.*
