

Cheyenne Mountain State Park Campgrounds

Swift Puma Walk-In Loop

Basic, Tent, Walk-In Sites

Site 29 – Swift Puma Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 235'. There are 3 steps from the table/fire area to the tent pad. 12'x12' tent pad. No tents off developed site. There is a space about 10'x7' for an additional tent, but it is right next to fire ring. Would not be able to have fire with tent up in that space. Site surrounded by scrub oak which may provide partial shade.

Site 30 – Swift Puma Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 303'. 12'x12' tent pad. No tents off developed site. There is a space about 8'x8' for an additional tent, but it is right next to fire ring. Would not be able to have fire with tent up in that space. Site surrounded by scrub oak which may provide partial shade. In close proximity to site 29.

Site 31 – Swift Puma Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 303'. 12'x12' tent pad. No tents off developed site. There is a space about 9'x11' for an additional tent, but it is right next to fire ring. Would not be able to have fire with tent up in that space. Site surrounded by scrub oak which may provide partial shade. In close proximity to site 32.

Site 32 – Swift Puma Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 303'. 12'x12' tent pad. No tents off developed site.
