Other Birds Sighted/Field Notes

Disclaimer: This checklist is composed of bird species that are most likely to be seen at this state park. The intent of this list is to help park visitors identify the breadth of species most commonly associated with this location. Other species that are rarely observed were purposely omitted from this list. Sources: CPW Resource Stewardship Breeding Bird Survey Project (CPW Parkwide Breeding Bird Survey, CPW State Park Raptor Monitoring Project, Colorado Breeding Bird Atlas II, eBird, and other researched sources when available).

Birding Tips

Use binoculars or a spotting scope for a closer view.

Protect young by avoiding nests or dens.

them, not recorded calls.

To see more birds, keep voices and other sounds low.

Protect plants and wildlife by staying on trails and respecting closures.

Help protect birds by using your senses to find

Keep dogs leashed and under control at all times.

For the best viewing experience, leave pets at home.

Human food can hurt wildlife-please keep their diets wild.
