

Ridgway State Park Trail Map

cpw.state.co.us

Welcome...

Welcome to the magnificent trails of Ridgway State Park! Over 14 miles of marked, well-maintained trails beckon novice and expert trail users alike. Wide concrete trails provide easy hiking, biking and roller blading. Gravel trails meander through a variety of natural settings, from open grasslands, through pinyon/juniper forests and along the rivers. Fabulous mountain views will delight trail users at many points along the way.

Hiking and biking at 7,000 feet can be quite a challenge. Are you prepared? Some simple precautions will help you be safe and enjoy your outing:

- Wear sturdy hiking shoes or boots.
- Carry adequate drinking water.
- Check maps carefully, talk to park staff if you have any questions.
- Rest immediately if you feel tired, be aware of the effects altitude has on your body.
- Apply sunscreen with a minimum protection factor of 15.

For your safety and the protection of natural resources, we ask that you:

- Keep all motorized vehicles off trails.
- Stay on designated trails.
- Keep pets on a maximum six foot leash and under control at all times.
- Keep horses in designated areas only. All gravel trails are closed to horseback use.
- So that others may enjoy, please do not gather or collect rocks, flowers or other natural materials.
- Bicycles must yield to pedestrians.
- Trash receptacles are not provided: if you "Pack it in - Pack it out!"

Thank you for supporting Colorado Parks & Wildlife
