## Below are some guidelines for all campers to use before purchasing or occupying a campsite.

1. Check the *site marker* at the campsite for a reservation card or camping permit. Do not occupy the site if it has been purchased by someone else already. If there is a reservation card in the site marker, check the beginning date since we do place these markers three days in advance. (You may be able to use the site for a night or two before the campers with a reservation arrive.)
2. If there is *any gear* at all in the campsite, do not occupy the site.
3. Check out is at 12 pm, check in is at 1 pm.

If you have any questions, please contact the gate attendant or a park ranger. Thank you and have a pleasant visit.
